

# Introduction to Syntropic Agriculture

**Syntropické zemědělství CZ in cooperation with the Czech Association for Agroforestry (ČSAL) and Faculty of Tropical AgriSciences of the Czech University of Life Sciences (FTZ ČZÚ)** invites you to a presentation by Bastian Dreher (Bolivia):

## **Introduction to Syntropic Agriculture**

This event is open for everyone interested in finding answers to the following questions:

### **How can we use sensitive agricultural practices to solve:**

- destruction of ecosystems
- water scarcity and soil erosion
- decrease in soil fertility
- dependency on chemical fertilizers and pesticides

Presentation of an agricultural system that does not fight Nature but cooperates with it, learns from its principles, strategies and functions.

What could this model look like on a small or large scale in European conditions?

**Where:** Czech University of Life Sciences Prague, Faculty of Tropical AgriSciences, Kamýcká 129, Praha-Suchdol

**When:** **October 16, 2023 6 p.m. - 8 p.m.**

**Program:**

- Introduction to syntropic agriculture
- Main principles and philosophy
- Natural succession
- Syntropic agriculture in Europe

**Registration, changes:** [www.syntropickezemedelstvi.cz](http://www.syntropickezemedelstvi.cz)
